SUBJECT INDEX

Abstracts, Canadian Academy of Sport Medicine, 280
Accreditation, 3
  United States, 76
Achilles tendonitis, corticosteroid injections for, 245
Active adults, hip arthroscopy for loose fragments in, case reports, 129
Acute mountain sickness, prediction of, 212
Adjustment disorder, in college athletes, case study, 60
Adolescent athletes
  football injuries and sexual maturity in, 69
  risk for acute low-back injuries in, 273
  screening for exercise-induced asthma in, 119
Adults
  normotensive, aerobic exercise and, meta-analysis, 213
  young active, hip arthroscopy for loose fragments in, case reports, 129
Aerobic exercise
  capacity for, effects of dF508 mutation on, in cystic fibrosis, 226
  effects on male reproductive hormones, 141
  and normotensive adults, meta-analysis, 213
Aerobic performance, effects of salmeterol on, 220
Alcohol abuse, in collegiate athletes, 183
Amateur boxing
  injuries in, in Ireland, 97
  neuropsychological assessment of, 90
American College of Sports Physicians news, 73, 144, 214, 285
American Osteopathic Academy of Sports Medicine news, 145, 216, 286
Americans with Disabilities Act of 1990, sports medicine and, 190
Anabolic–androgenic steroids, use by Canadian students, 9
Anaerobic exercise, effects on male reproductive hormones, 141
Aneurysmal subarachnoid hemorrhage, with weight training, case reports, 52
Ankle
  risk factors for injury in college-aged athletes, 136
  snowboarder's, 124
Anterior cruciate ligament
  reconstruction
    closed kinetic chain exercises after, 66
    cold compression therapy after, 275
    stabilometric assessment after, 32
  rupture, operations for, 274
  tears, natural history of, 138
Anterior glenohumeral instability, arthrographic diagnostic criteria for, 210
Anterior slide test, for superior glenoid labral tears, 64
Arthrography, diagnostic criteria for anterior glenohumeral instability, 210
Arthroscopy, hip, for loose fragments, case reports, 129
Articular cartilage, patellofemoral, abnormalities, FS 3D FLASH MR imaging of, 209
Asthma, exercise-induced, screening adolescent athletes for, 119
Atlanta, Georgia, risk of heat stress in, 96, 142
Atrophy, infraspinatus, in collegiate volleyball players, 255
Australia, sports physician training in, 2
Australian College of Sports Physicians, 2
  news, 144, 214, 285

Balance, standing, in ACL-reconstructed knee, 32
Basketball players
  collegiate, pericarditis in, 251
  wheelchair, carpal tunnel syndrome in, electrodiagnostic study of, 27
Bicycle helmets, and injury prevention, in children, 102
Blunt impact to chest, and sudden death in young athletes, 68
Body fatness, preschool physical activity and, in young children, 211
Bone scans, day 4, for scaphoid fracture, 137
Boxers, amateur
  injuries in, in Ireland, 97
  neuropsychological assessment of, 90
Bucket-handle tears, of medial plica, 265

Canada
  rodeo in, injury epidemiology of, 171
  sports medicine in, 148
Canadian Academy of Sport Medicine
  abstracts, 280
  news, 72
Canadian students, use of anabolic–androgenic steroids by, 9
Cancer
  exercise rehabilitation for patients, 237
  prostate, cardiorespiratory fitness and, 271
Carbon monoxide, exposures in ice arenas, 232
Cardiorespiratory fitness, and prostate cancer, 271
Carpal tunnel syndrome, in wheelchair basketball players, electrodiagnostic study of, 27
Cervical degeneration, in rugby union players, 56
Checking-from-behind, injury and penalty data study of, 108
Chest, blunt impact to, and sudden death in young athletes, 68
Children
  bicycle helmets and injury prevention in, 102
  preschool physical activity level and body fatness in, 211
Clinical Curriculum Reviews, 218
Closed kinetic chain exercises, after ACL reconstruction, 66
Cold compression therapy, after ACL reconstruction, 275
Collegiate athletes. *See also* Student athletes
  adjustment disorder in, case study, 60
  ankle injury in, risk factors for, 136
  basketball players, pericarditis in, 251
  female swimmers, injuries in, 178
  health risk behaviors in, 183
  volleyball players, infraspinatus atrophy in, 255
Compliance with exercise recommendations, physician factors in, 112
Compression therapy, cold, after ACL reconstruction, 275
Computed tomography, of stress fractures of body of talus, 48
Content validation, of PFPS outcomes measures, 163
Corticosteroid injections
  for Achilles tendonitis, 245
  local, for tennis elbow, 276
Cross training, injuries due to, in female collegiate swimmers, 178
Cypionate, testosterone, and lipoprotein–lipid levels in normal men, 152
Cyriax-type physiotherapy, for tennis elbow, 276
Cystic fibrosis, effects of dF508 mutation on aerobic capacity in, 226

Depression. *See* Adjustment disorder
Dieting. *See* Weight loss
Disabilities. *See* Americans with Disabilities Act
Drug abuse, in collegiate athletes, 183

Echocardiography, screening, 70
Editorials
  Clinical Curriculum Reviews: A Step Forward in Sport Medicine, 218
  Clinical Sports Medicine Training and Accreditation: The United States Experience, 76
  Sports Physician Training: The Australian Experience, 2
  Twenty-five Years of Sport Medicine in Canada: Thoughts on the Road Ahead, 148
Elbow injuries, in rock climbers, 196
Elderly, weight training for walking endurance in, 272
Electrodiagnostics, of carpal tunnel syndrome in wheelchair basketball players, 27
Encephalopathy, chronic traumatic, in amateur boxers, neuropsychological assessment of, 90
Endurance, walking, weight training for, in health elderly men and women, 272
Epicondylalgia, lateral humeral, glycosaminoglycan polysulfate injections for, 65

Exercise
aerobic, and normotensive adults, meta-analysis, 213
aerobic vs. anaerobic, effects on male reproductive hormones, 141
closed kinetic chain, after ACL reconstruction, 66
patient compliance with recommendations for, physician factors in, 112
rehabilitation for cancer patients, 237
strenuous, immunologic changes with, 140, 277
Exercise-induced asthma, screening adolescent athletes for, 119

Fasciitis, plantar, tension night splint for, 158
Fatness, preschool physical activity and, in young children, 211
Federal Rehabilitation Act of 1973, 190
Female athletes. *See* Women athletes
Finger injuries, in rock climbers, 196
Football injuries, adolescent, and sexual maturity, 69
Forearm injuries, in rock climbers, 196
Fractures
metacarpal, alternative method of treatment for, 4
scaphoid, day 4 bone scan for, 137
stress
case review, 85
of rib neck, case report, 204
of talar body, 48, 278
transverse, of patella, case report, 259
of talar lateral process, clinical review, 124

Ganglion, suprascapular, infraspinatus muscle atrophy due to, case report, 262
Glenohumeral joint
anterior instability of, arthrographic diagnostic criteria for, 210
laxity in elite and recreational swimmers, 40
Glenoid labrum. *See* Superior glenoid labrum
Glove cast, 4
Glycogen, muscle concentration, effects of weight loss on, in wrestlers, 78
Glycosaminoglycan polysulfate injections, for lateral humeral epicondylalgia, 65

Hand injuries, in rock climbers, 196
Health risk behaviors, in collegiate athletes, 183
Heat stress, risk in Atlanta '96, 142
Helmets, bicycle, and injury prevention, in children, 102
Hemorrhage, subarachnoid, with weight training, case reports, 52
Hip arthroscopy, for loose fragments in young active adults, case reports, 129
Hormones, male reproductive, aerobic vs. anaerobic exercise effects on, 141
Humeral epicondylalgia, lateral, glycosaminoglycan polysulfate injections for, 65

Ice arenas, toxic gas exposures in, 232
Ice hockey
checking-from-behind in, injury and penalty data study of, 108
recreational, injuries in, epidemiology of, 15
Imaging. *See* specific modalities
Immunologic changes, with strenuous exercise, 140, 277
Infraspinatus muscle atrophy
in collegiate volleyball players, 255
due to suprascapular ganglion, case report, 262
Injections
corticosteroid
for Achilles tendonitis, 245
local, for tennis elbow, 276
glycosaminoglycan polysulfate, for lateral humeral epicondylalgia, 65
Injuries
acute low-back, risk in adolescent athletes, 273
adolescent football, and sexual maturity, 69
amateur boxing, incidence and severity of, in Ireland, 97
ankle, risk factors in college-aged athletes, 136
bicycle-related, bicycle helmets and, in children, 102
and checking-from-behind in ice hockey, 108
in female collegiate swimmers, 178
in female netball players, prediction of, 67
recreational ice hockey, epidemiology of, 15
rock climbing, 196
rodeo, epidemiology of, 171
Ireland, amateur boxing injuries in, 97

Knee
ACL-reconstructed
closed kinetic chain exercises with, 66
cold compression therapy for, 275
stabilometric assessment in, 32
bucket-handle tear of medial plica in, 265

Letters to the editor
immunologic changes with strenuous exercise, 277
risk of heat stress in Atlanta '96, 142
screening echocardiography, 70
stress fractures of talar body, 278
Ligament tears, anterior cruciate, natural history of, 138
Ligaments. *See* Anterior cruciate ligament
Lipoprotein–lipid levels, steroids and, in normal men, 152
Loose fragments, hip arthroscopy for, case reports, 129
Low-back injuries, risk in adolescent athletes, 273
Lung function
effects of salmeterol on, 220
smoking habits and, in men, 138

Magnetic resonance imaging, FS 3D FLASH, of patellofemoral articular cartilage abnormalities, 209
Male reproductive hormones, aerobic vs anaerobic exercise effects on, 141
Medial plica, bucket-handle tear of, 265
Median neuropathy. *See* Carpal tunnel syndrome
Men
elderly, weight training for walking endurance in, 272
smoking habits and physical fitness and lung function in, 138
Metacarpal fractures, alternative method of treatment for, 4
Mountain sickness, acute, prediction of, 212
MR imaging. *See* Magnetic resonance imaging
Muscle atrophy, infraspinatus
in collegiate volleyball players, 255
due to suprascapular ganglion, case report, 262
Muscle glycogen, effects of weight loss on, in wrestlers, 78
Muscle tears, superior glenoid labral, anterior slide test for, 64

Neck, rugby, 56
Netball players, female, prediction of injury in, 67
Neuropathy. *See* Carpal tunnel syndrome
Neuropsychological assessment, of amateur boxers, 90
Night splint, tension, for plantar fasciitis, prospective randomized clinical trial, 158
Nitrogen dioxide, exposures in ice arenas, 232

Olympic Games, risk of heat stress in Atlanta '96, 142
Ontario University Athletic Association Hockey League, checking-from-behind in, injury and penalty data study of, 108

Pain. *See* Patellofemoral pain syndrome
Paraplegia, carpal tunnel syndrome in wheelchair basketball players, electrodiagnostic study of, 27
Patella, transverse stress fracture of, case report, 259
Patellofemoral articular cartilage abnormalities, FS 3D FLASH MR imaging of, 209
Patellofemoral pain syndrome
content validation of outcomes measures, 163
long-term follow-up, 22, 208
Patient compliance, with exercise recommendations, physician factors in, 112
Pericarditis, in collegiate basketball players, 251
PFPS. *See* Patellofemoral pain syndrome
